Mohammad AL Salamat

+60 178464650

Alomda.alslmat@gmail.com

Junior Web Developer specializing in front-end and back-end development. I have a good knowledge of all stages of the development cycle for dynamic web projects. Well-versed in numerous programming languages including {HTML5, PHP, JavaScript , JQuery , CSS, Sass , MySQL, Oracle ,Veu.js ,Laravel Framework ,and python }

Experience

- **Web Developer -**   02/2020 to 08/2020
  George HealthCare, Malaysia

  It is Internship period but I got lots of experiences where I built the main admin page for the company's website and I helped them to improve lots of features to make the website more attractive to users and helped the team to build the security for the website then worked on Front-End side where I helped to build the functions to get the data from the database.

- **Web Developer -**   02/2019 to 09/2019
  Final year Project, IIUM,Malaysia

  Final year project (FYP) is one of the biggest challenges that I had due the tools that I used to build the website where I used CodeIgniter Framework to complete it in very short time , and it was my first own website using new tools such as CodeIgniter,

- **Web Developer -**   02/2018 to 01/2019
  Free Lancer, IIUM

  Building websites for the users who ask me to do so such as Student's Final year. Besides tens of other individual projects One of my works was an E-commerce website to sell Suits.
